Re: **Bullock Pen Water District, Case No. 2004-00339**

Dear Ms. O'Donnell:

We have received the Commission's Order dated October 20, 2004 granting an extension of time to file our response to the Staff's First Data Request. Such Order states that the response is due on or before October 29, 2004.

The District received their Accountant's response to the request yesterday and such response included certain questions for the District's Engineer. The Engineer has been out of town and is expected back tomorrow. This will not allow us enough time to resolve the questions and assemble the final Response for filing by October 29<sup>th</sup>.

Accordingly, we request that the Commission extend the deadline for filing the response to the Data Request until **November 19, 2004**. We are confident that the response will be filed within the next two weeks and therefore should not need to ask for any more extensions.

Thank you for your time and consideration and if you need any additional information, please let us know.

Sincerely,

Rubin & Hays
